

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. ENTERED according to Act of Congress, in the year 1840,

By **ORVILLE A. ROORBACH,**

In the Clerk's Office of the District Court for the Southern District of New York.

In offering this Catalogue to the Trade, I will state that it was commenced with no view to publication. For years I have kept for my own convenience what was termed a "Price Book," in which all new publications were entered in alphabetical order. About two years since I commenced a revise of this Book, and after progressing nearly to completion, it was suggested by several in the Trade, who had experienced the convenience of the "Price Book," to publish. Without calculating the labor necessary to complete my task,—a labor that can be appreciated only by those who have been engaged in a similar undertaking,—I concluded to prepare for the press. To the veteran in the Trade, my book as it stood, arranged under the head of the author, would have been sufficiently convenient. But to accommodate those less familiar with the business, and give greater facility for finding the work sought for, I determined to make one continuous alphabetical list, (except Biography and Law, which will be found at the end of the volume,) under the author's name, the general title of the book, and the country to which it relates. My aim has been to make a practical manual for the Trade, so arranged as to give the desired information with as little search as possible.

Of such books as have been published years since, and which are to be found only in the hands of collectors of second-hand and rare books, the size, publisher, and date of publication alone are given, as the present price is regulated by the scarcity or intrinsic value of the work.

Reprints from ~~American~~ publications are noted by (*), translations (†), American editors (‡).

Foreign

It is my purpose to continue this Catalogue by supplement at intervals, as new matter may accumulate, including alterations as they may occur in publish-

ers, and also *omissions* that may have occurred in this Catalogue, for I do not claim to be infallible.

It is also my purpose, if leisure permits, to issue a classified index to this Catalogue, giving merely a summary for reference.

ORVILLE A. ROORBACH.

New York, *March*, 1849.

The following table shows the results of the survey conducted in the year 2014-2015. The data is presented in a tabular format, showing the number of respondents for each category. The categories are listed in the first column, and the corresponding number of respondents is listed in the second column. The total number of respondents is 100.

Category	Number of Respondents
Category 1	15
Category 2	25
Category 3	30
Category 4	10
Category 5	10
Category 6	10

The data indicates that the majority of respondents (65%) are in the first three categories, with Category 3 having the highest number of respondents (30). Categories 4, 5, and 6 have a smaller number of respondents, each with 10 respondents.

Ch. 1. and 2. are the same as the
1. and 2. in the first book.

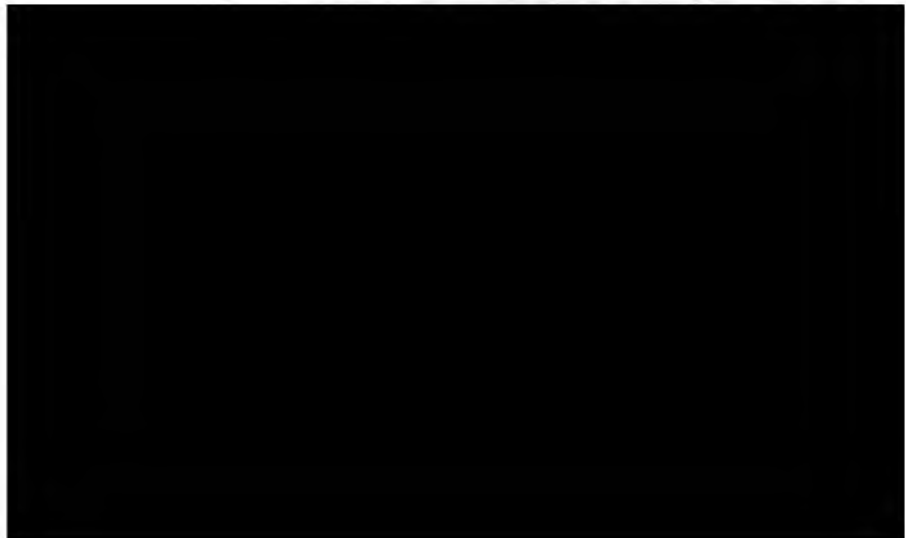

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice.

2. The second part details the various methods used for data collection and analysis. It includes a list of statistical techniques and their applications in different fields.

3. The third part provides a comprehensive overview of the current state of research in this area. It highlights key findings and identifies areas that require further investigation.

4. The fourth part discusses the ethical implications of the research and the responsibilities of researchers. It stresses the need for transparency and honesty in reporting results.

5. The fifth part concludes the document by summarizing the main points and offering suggestions for future work. It encourages collaboration and the sharing of knowledge within the community.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

2. The second part outlines the various methods and tools used to collect and analyze data. This includes the use of surveys, interviews, and focus groups to gather qualitative information, as well as the application of statistical software for quantitative analysis.

3. The third part details the process of identifying and measuring key performance indicators (KPIs). It explains how these indicators are selected based on the organization's strategic goals and how they are used to track progress and identify areas for improvement.

4. The fourth part discusses the challenges and limitations of data analysis. It highlights the potential for bias in data collection and the importance of using appropriate statistical techniques to minimize these risks.

5. The fifth part concludes by summarizing the key findings and recommendations. It stresses the need for a continuous and iterative process of data collection and analysis to ensure the organization remains competitive and responsive to market changes.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice to ensure transparency and accountability.

2. The second section outlines the procedures for handling discrepancies between the recorded amounts and the actual cash received. It states that any such variance must be investigated immediately and reported to the appropriate authority.

3. The third part of the document details the process for reconciling the accounts at the end of each month. It requires that the total recorded income matches the bank statements and the physical cash on hand.

4. The fourth section discusses the role of the internal audit department in monitoring the financial records. It notes that audits are conducted regularly to identify any potential weaknesses or areas for improvement in the accounting system.

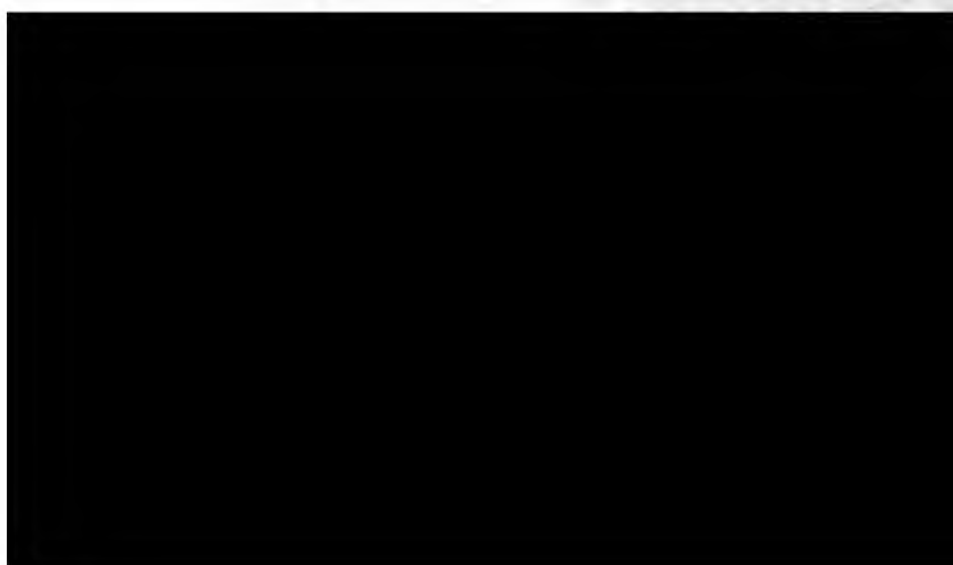

5. The final part of the document provides a summary of the key findings and recommendations. It suggests that the current system is generally sound but that certain controls should be strengthened to further reduce the risk of errors or fraud.

Emigrant's Guide to Oregon, by L. W. Hastings	0 38	<i>G. Conklin</i>

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

2. The second part outlines the various methods and tools used to collect and analyze data. This includes the use of surveys, interviews, and focus groups to gather qualitative information, as well as the application of statistical software for quantitative analysis.

3. The third part details the process of identifying and measuring key performance indicators (KPIs). It explains how these indicators are used to track progress and evaluate the effectiveness of different strategies and initiatives.

4. The fourth part discusses the challenges and limitations of data analysis. It highlights the need for high-quality data and the potential for bias or error in the analysis process. It also notes the importance of interpreting the results in the context of the organization's overall goals and objectives.

5. The fifth part provides a summary of the findings and conclusions drawn from the analysis. It identifies the key areas of strength and weakness and offers recommendations for future action and improvement.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that this is crucial for the company's financial health and for providing transparency to stakeholders. The text notes that without proper record-keeping, it would be difficult to track expenses, revenues, and overall performance over time.

2. The second section outlines the specific procedures for recording transactions. It details the steps from initial receipt to final entry in the accounting system. Key points include ensuring that all receipts are properly filed, that invoices are promptly processed, and that entries are made in a timely and accurate manner. The document also mentions the importance of regular audits to verify the accuracy of the records.

3. The third part of the document addresses the role of technology in record-keeping. It discusses how modern accounting software can streamline the process, reduce the risk of human error, and provide real-time access to financial data. However, it also cautions against over-reliance on technology, noting that manual checks and balances are still necessary to ensure data integrity.

4. The final section provides a summary of the key takeaways and offers recommendations for future improvements. It reiterates the importance of a strong internal control system and encourages the company to continue to refine its record-keeping practices as it grows. The document concludes with a statement of commitment to maintaining the highest standards of financial accuracy and transparency.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

2. The second part outlines the various methods and tools used to collect and analyze data. This includes the use of surveys, interviews, and focus groups to gather qualitative information, as well as the application of statistical software for quantitative analysis.

3. The third part details the process of identifying and measuring key performance indicators (KPIs). It explains how these indicators are selected based on the organization's strategic goals and how they are used to monitor progress and identify areas for improvement.

4. The fourth part discusses the challenges and limitations of data analysis. It highlights the potential for bias in data collection and the importance of using appropriate statistical techniques to minimize these risks.

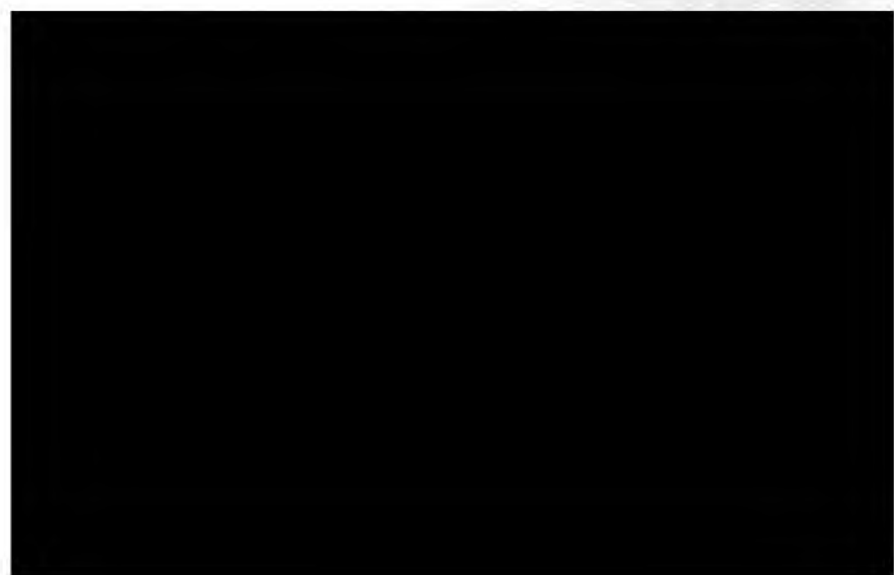

5. The fifth part provides a summary of the findings and conclusions drawn from the analysis. It notes that while there are significant opportunities for growth and innovation, there are also several areas where the organization needs to focus its resources and efforts.

6. The final part offers recommendations for future research and action. It suggests that further exploration of emerging technologies and market trends is essential for staying competitive in a rapidly changing environment.

the (10) outlines of a new theory of disease applied to Hydrophobia / do. J. Michx.

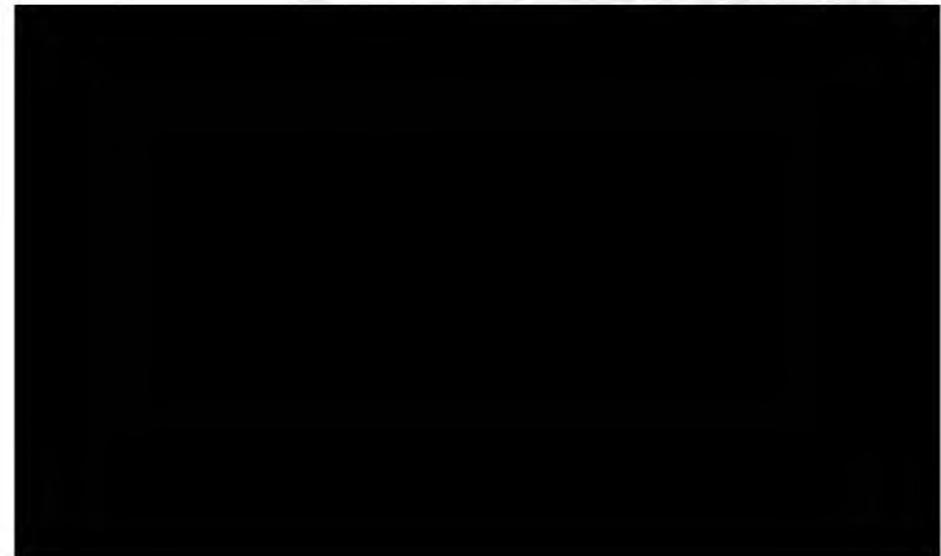

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

2. The second part outlines the various methods and tools used to collect and analyze data. This includes the use of surveys, interviews, and focus groups to gather qualitative information, as well as the application of statistical software for quantitative analysis.

3. The third part details the process of identifying and measuring key performance indicators (KPIs). It explains how these indicators are selected based on the organization's strategic goals and how they are used to track progress and identify areas for improvement.

4. The fourth part discusses the challenges and limitations of data analysis. It highlights the potential for bias in data collection and the importance of using appropriate statistical techniques to minimize these risks.

5. The fifth part concludes by summarizing the key findings and recommendations. It stresses the need for a continuous and iterative process of data collection and analysis to ensure the organization remains competitive and responsive to market changes.

The first part of the study was a pilot study to determine the reliability of the test. The test was administered to a group of 20 subjects and the results were compared with the results of a second administration of the test to the same group of subjects. The results showed that the test was reliable and that the scores were stable over time.

The second part of the study was a field study in which the test was administered to a group of 100 subjects in a natural setting. The results showed that the test was valid and that the scores were significantly correlated with the scores of a second administration of the test to the same group of subjects.

4

The results of the study indicate that the test is a valid and reliable measure of the construct being measured. The test was found to be stable over time and to be significantly correlated with the scores of a second administration of the test to the same group of subjects. The test was also found to be valid and to be significantly correlated with the scores of a second administration of the test to the same group of subjects in a natural setting.

History of the American Baptist Missions in Asia, &c. Maps, 1775, 8vo

1. The first part of the paper is devoted to the study of the asymptotic behaviour of the solutions of the system (1.1) as $t \rightarrow \infty$. It is shown that the solutions of (1.1) are bounded and tend to zero as $t \rightarrow \infty$ if and only if the matrix A is stable. This result is proved by using the method of variation of constants and the theory of matrix functions.
2. In the second part of the paper, the asymptotic behaviour of the solutions of (1.1) is studied as $t \rightarrow \infty$ for a class of systems which are not stable. It is shown that the solutions of (1.1) are bounded and tend to zero as $t \rightarrow \infty$ if and only if the matrix A is stable and the matrix B is positive definite. This result is proved by using the method of variation of constants and the theory of matrix functions.
3. In the third part of the paper, the asymptotic behaviour of the solutions of (1.1) is studied as $t \rightarrow \infty$ for a class of systems which are not stable. It is shown that the solutions of (1.1) are bounded and tend to zero as $t \rightarrow \infty$ if and only if the matrix A is stable and the matrix B is positive definite. This result is proved by using the method of variation of constants and the theory of matrix functions.
4. In the fourth part of the paper, the asymptotic behaviour of the solutions of (1.1) is studied as $t \rightarrow \infty$ for a class of systems which are not stable. It is shown that the solutions of (1.1) are bounded and tend to zero as $t \rightarrow \infty$ if and only if the matrix A is stable and the matrix B is positive definite. This result is proved by using the method of variation of constants and the theory of matrix functions.
5. In the fifth part of the paper, the asymptotic behaviour of the solutions of (1.1) is studied as $t \rightarrow \infty$ for a class of systems which are not stable. It is shown that the solutions of (1.1) are bounded and tend to zero as $t \rightarrow \infty$ if and only if the matrix A is stable and the matrix B is positive definite. This result is proved by using the method of variation of constants and the theory of matrix functions.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice to ensure transparency and accountability.

2. The second section outlines the procedures for handling discrepancies. It states that any variance between the recorded amounts and the actual cash flow should be investigated immediately to identify the source of the error.

3. The third part of the document details the process of reconciling accounts. It requires that all bank statements be reviewed and compared against the internal records to ensure that the balances match.

4. The fourth section discusses the role of the audit committee. It highlights that the committee is responsible for overseeing the financial reporting process and ensuring that all information is presented fairly and accurately.

5. The final part of the document provides a summary of the key findings and recommendations. It suggests that regular training sessions should be conducted for all staff involved in financial reporting to ensure they are up-to-date on the latest regulations and best practices.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the integrity of the financial system and for the ability to detect and prevent fraud. The text notes that without reliable records, it would be difficult to track the flow of funds and identify any irregularities.

2. The second part of the document outlines the specific procedures for recording transactions. It details the steps involved in entering data into the system, including the use of standardized codes and the requirement for double-checking entries. The document also discusses the importance of regular audits and reconciliations to ensure that the records are accurate and up-to-date.

3. The third part of the document addresses the issue of data security. It highlights the need to protect sensitive information from unauthorized access and to implement robust security measures. The text mentions the use of encryption and secure communication channels to safeguard data during transmission and storage.

4. The fourth part of the document discusses the role of technology in modern record-keeping. It notes that the use of computerized systems has significantly improved the efficiency and accuracy of the process. However, it also points out that technology is not a substitute for sound internal controls and the expertise of the personnel operating the systems.

5. The fifth part of the document provides a summary of the key points discussed and offers recommendations for further improvement. It suggests that ongoing training and education for staff are crucial for maintaining high standards of record-keeping. Additionally, it recommends the regular review and updating of policies and procedures to reflect changes in technology and best practices.

The first part of the report deals with the general situation of the country and the progress of the war. It is followed by a detailed account of the military operations in the West, including the Battle of the Marne and the subsequent retreat of the German forces. The report also discusses the political and economic conditions in Germany and the Allied countries, and the impact of the war on the civilian population.

The second part of the report is a detailed account of the military operations in the West, including the Battle of the Marne and the subsequent retreat of the German forces. It discusses the tactical and strategic decisions made by the German and Allied commanders, and the role of the various military units.

The third part of the report discusses the political and economic conditions in Germany and the Allied countries, and the impact of the war on the civilian population. It also includes a section on the diplomatic relations between the warring nations and the role of the neutral countries.

The fourth part of the report is a detailed account of the military operations in the West, including the Battle of the Marne and the subsequent retreat of the German forces. It discusses the tactical and strategic decisions made by the German and Allied commanders, and the role of the various military units.

The American people have a long and varied history, from the early days of exploration to the present. The story of the United States is a story of growth, struggle, and achievement. It is a story of a nation that has grown from a small colony to a global superpower. The American people have shown a remarkable ability to adapt to change and overcome adversity. They have built a nation that is a beacon of hope and freedom for people around the world. The history of the American people is a testament to their resilience and their spirit of innovation. It is a story that continues to inspire and challenge us today.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

2. The second part outlines the various methods and tools used to collect and analyze data. This includes the use of surveys, interviews, and focus groups to gather qualitative information, as well as the application of statistical software for quantitative analysis.

3. The third part details the process of identifying and measuring key performance indicators (KPIs). It explains how these indicators are selected based on the organization's strategic goals and how they are used to track progress and identify areas for improvement.

4. The fourth part discusses the challenges and limitations of data analysis. It highlights the need for high-quality data and the importance of interpreting results in the context of the organization's specific circumstances.

5. The fifth part provides a summary of the findings and conclusions drawn from the analysis. It identifies the main trends and insights and offers recommendations for future actions based on the data.

The following table shows the results of the experiment. The data is presented in a table format with columns for 'Time (min)', 'Temperature (°C)', and 'Concentration (g/L)'. The text is very faint and difficult to read, but the structure is clear.

Time (min)	Temperature (°C)	Concentration (g/L)
0	20	0.0
10	25	0.1
20	30	0.2
30	35	0.3
40	40	0.4
50	45	0.5
60	50	0.6
70	55	0.7
80	60	0.8
90	65	0.9
100	70	1.0

The data indicates a positive correlation between time, temperature, and concentration. As time increases, both temperature and concentration also increase.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that this is crucial for ensuring the integrity of the financial statements and for providing a clear audit trail. The text notes that any discrepancies or errors in the records can lead to significant complications during an audit and may result in the disallowance of certain expenses.

2. The second part of the document outlines the specific procedures for recording transactions. It details the requirements for receipts, invoices, and other supporting documents. It states that all receipts must be properly dated, itemized, and signed by the individual receiving the goods or services. Additionally, it mentions that invoices should be clearly marked and filed in a systematic manner to facilitate easy access and verification.

3. The third part of the document addresses the issue of expense reporting. It explains that employees are required to submit detailed reports of their business-related expenses on a regular basis. These reports should include a breakdown of the expenses by category and a clear explanation of the business purpose for each expense. The text also notes that any personal or non-business-related expenses should be clearly identified and excluded from the report.

4. The fourth part of the document discusses the consequences of non-compliance with the reporting requirements. It states that failure to provide accurate and complete expense reports can result in the denial of reimbursement for the reported expenses. In more severe cases, it may lead to disciplinary action or even termination of employment. The text emphasizes that the organization has a strict policy of zero tolerance for fraudulent or misleading expense reporting.

5. The fifth and final part of the document provides a summary of the key points and offers some final advice. It reiterates the importance of honesty and transparency in all financial reporting and encourages employees to seek clarification if they have any questions. The text concludes by stating that the organization is committed to providing a fair and equitable reimbursement process for all legitimate business expenses.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for ensuring transparency and accountability in financial operations.

2. The second part of the document outlines the various methods and techniques used to collect and analyze data. It highlights the need for consistent and reliable data collection processes to ensure the validity of the results.

3. The third part of the document describes the different types of data that are collected and analyzed. It includes information on both quantitative and qualitative data, as well as the various sources from which this data is obtained.

4. The fourth part of the document discusses the various statistical methods and techniques used to analyze the data. It covers topics such as descriptive statistics, inferential statistics, and regression analysis, among others.

5. The fifth part of the document discusses the importance of interpreting the results of the data analysis. It emphasizes that the results should be interpreted in the context of the research objectives and the specific circumstances of the study.

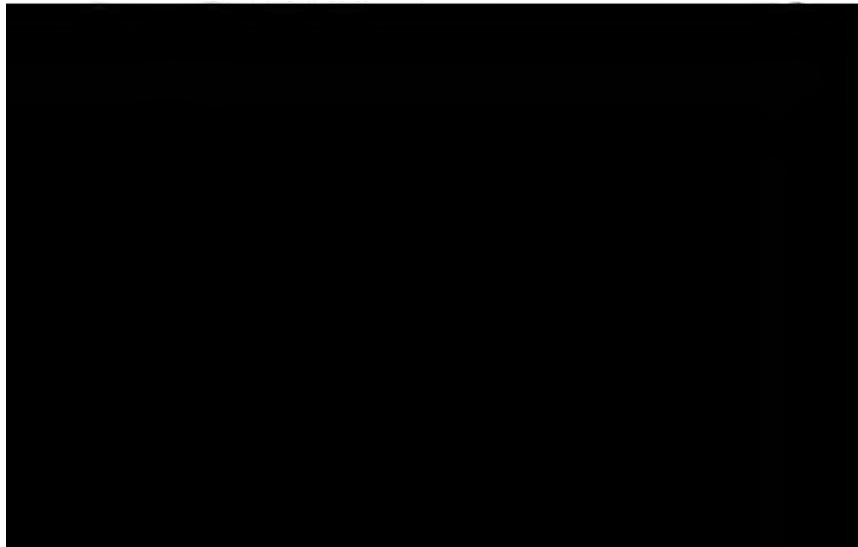

6. The sixth part of the document discusses the various ways in which the results of the data analysis can be presented and communicated. It includes information on the use of tables, graphs, and other visual aids to make the data more accessible and understandable.

7. The seventh part of the document discusses the importance of ensuring the accuracy and reliability of the data and the results. It emphasizes that proper record-keeping and data collection processes are essential for ensuring the validity of the results.

8. The eighth part of the document discusses the various ethical considerations that must be taken into account when conducting research. It includes information on the need for informed consent, the protection of personal information, and the avoidance of conflicts of interest.

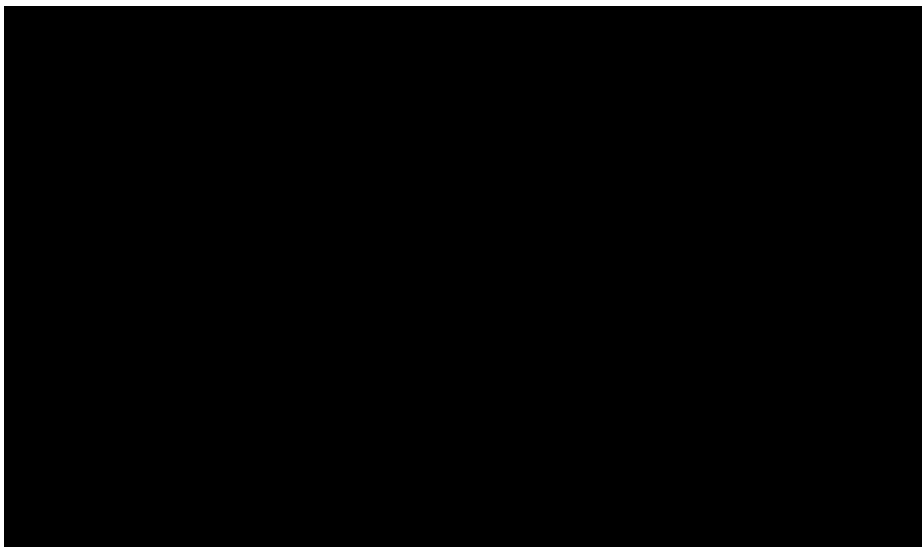

9. The ninth part of the document discusses the various ways in which the results of the data analysis can be used to inform decision-making. It emphasizes that the results should be used to identify trends, patterns, and areas for improvement, and to guide the development of policies and programs.

10. The tenth part of the document discusses the various ways in which the results of the data analysis can be used to evaluate the effectiveness of programs and services. It includes information on the use of data to measure outcomes, assess impact, and identify areas for improvement.

(G. J.) Late Mass bet U.S. & Britain. Events of 1814, p. 11. - Lea & B.

The first part of the document discusses the general principles of the law of contract, and the second part discusses the law of tort. The first part is divided into two sections: the law of contract in general, and the law of contract in particular. The second part is divided into two sections: the law of tort in general, and the law of tort in particular.

The law of contract is a branch of the law which deals with the legal relations between two or more persons, arising from the agreement of those persons. The law of contract is based on the principle of freedom of contract, which means that persons are free to enter into contracts with each other, and to enforce those contracts in the courts.

The law of tort is a branch of the law which deals with the legal liability of one person to another for the wrong done to him. The law of tort is based on the principle of fault, which means that a person is liable for a tort only if he has done something which is wrongful, and which has caused damage to another person.

The law of contract and the law of tort are two of the most important branches of the law, and they are closely related to each other. The law of contract is concerned with the legal relations between two or more persons, and the law of tort is concerned with the legal liability of one person to another. Both branches of the law are based on the principle of fault, and they both deal with the legal consequences of wrongful acts.

The first part of the report deals with the general situation of the country and the progress of the war. It is followed by a detailed account of the operations of the army and the navy. The report concludes with a summary of the achievements of the year and a forecast for the future.

The operations of the army have been marked by a series of successful campaigns. The most notable of these is the campaign in the north, which has resulted in the capture of several important strategic positions. The operations of the navy have also been successful, with a number of important victories in the sea.

The progress of the war has been steady and determined. The army and navy have both shown a high degree of efficiency and courage. The achievements of the year have been significant and have brought us closer to the final victory.

The future of the war is bright. We are confident that we will soon be able to bring the war to a successful conclusion. We are grateful for the support and sacrifices of our brave soldiers and sailors.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that this is crucial for the company's financial health and for providing reliable information to stakeholders.

2. The second part of the document outlines the specific procedures for recording transactions. It details the steps from initial entry to final review, ensuring that all necessary information is captured and verified.

3. The third part of the document addresses the role of the accounting department in this process. It highlights the need for clear communication and collaboration between different departments to ensure the accuracy and timeliness of the records.

4. The fourth part of the document discusses the importance of regular audits and reviews. It explains how these activities help to identify any discrepancies or errors and ensure that the records are up-to-date and accurate.

5. The fifth part of the document provides a summary of the key points discussed and offers some final thoughts on the importance of maintaining accurate records. It concludes by stating that this is a fundamental aspect of good financial management.

The text in this section is extremely faint and illegible. It appears to be a list or a series of entries, possibly a table of contents or a list of items. The text is arranged in columns and rows, but the individual characters and words are too blurry to read. The overall appearance is that of a scanned document with very low contrast or a very blurry scan.

G. P. Putnam's *New Publications.*

Miss Sedgwick's Works.

G. P. PUTNAM has the pleasure of announcing that he has made an arrangement to publish in a series of handsome duodecimos,

Uniform with the new edition of Irving's Works,

The Works of Catharine M. Sedgwick,

THE AUTHOR'S REVISED EDITION.

To be published at intervals, commencing on the 15th day of May.

The first volume will be :

Clarence;

A TALE OF OUR OWN TIMES. Complete in 1 vol.

To be followed by

Redwood.

1 vol.

Hope Leslie;

OR, THE EARLY TIMES OF MASSACHUSETTS. 1 vol.

The Linwoods;

A TALE OF THE REVOLUTION. 1 vol.

A New England Tale.

1 vol.

Home;

AND OTHER WORKS FOR THE PEOPLE. 1 vol.

Etc. etc. etc.

Believing that the writings of Miss Sedgwick, collected in a uniform and suitable edition, will be, as American classics, scarcely less acceptable than those of Geoffrey Crayon, the publisher has induced Miss S. to prepare this edition to be published in a similar form with Irving's Works. All Americans who appreciate pure taste unalloyed by prudery, sterling genius united with good sense, unobtrusive morals, and unaffected patriotism, will warmly approve of the collected edition of the works of Miss Sedgwick.

G. P. Putnam has also the pleasure of announcing a new series of attractive and useful books by Mrs. L. C. TUTHILL, entitled :

SUCCESS IN LIFE :

Illustrated by a Series of Popular volumes, founded on the biography of an eminent example from each profession or occupation. By Mrs. L. C. TUTHILL, Author of "History of Architecture," "I'll be a Lady," etc.

Industrial Exchanges and Social Remedies

WITH A CONSIDERATION OF TAXATION.

By D. PARISH BARRYDT.

12mo. cloth, 75 cts.

"The great topics of political economy are treated in a comprehensive and liberal view, all the modern deductions of that science are presented in a brief space, and are extended and applied to the circumstances of our own condition and exigencies. The chapters on education, free banking, the cost of protection, and self-government, contain passages which we should gladly have extracted, because of their truth and because they strikingly illustrate and powerfully enforce doctrines that have for years been advocated in the columns of this journal, and which, though in great part practically established, to the promotion of public prosperity, are still the object of assiduous and persistent."—*Journal of Commerce.*

G. P. Putnam, 155 Broadway.

CHOICE ILLUSTRATED BOOKS.

I.

The Illustrated Sketch-Book.

The Sketch-Book. By Washington Irving.

Illustrated with a series of highly-finished Engravings on Wood, from Designs by DARLEY and others, Engraved in the best style by CHILDS, HERRICK, & Co.

One volume, square octavo, cloth extra, \$3 50; cloth gilt, \$4 00; morocco extra, \$6 00.

"We confess that we know of none in this country so competent to the task of illustrating this work as the young artist selected for the purpose. Felix Darley, some of whose designs we have had the pleasure of seeing. They are full of the quiet, Crayonish humor peculiar to the author, and drawn with the same elegant finish and freedom from blemish which distinguish all his works. Until we saw these designs we were incredulous as to the ability of any of our native artists to properly illustrate the humorous passages in Irving's writings."—*Evening Mirror*.
